2012 Spring/Summer Product Catalogue

To Our Valued Customers,

For over 38 years, HST Synthetics has been pleased to service your needs for swimming pool and hot tub accessories. The 2011 season was very good and we expect 2012 to be prosperous for everyone.

As shown on the left page, our office and management staff is ready to serve you and our 34,000 square foot plant and warehouse is capable of delivering your orders in a timely fashion.

Again, for 2012, HST Synthetics has a strong line-up of products that will meet the needs of your customers. Our products are all designed to enhance your customers' enjoyment of their pool or hot tub with safety in mind.

Don't forget our latest, exclusive product for the hot tub – our authorized NHL spa covers and pillows. The success of these products has been gratifying as sports fans show their support of local teams. Our greatest success has been with dealers who have this product on display. So, as the hockey playoff season approaches, make sure you take advantage of this line.

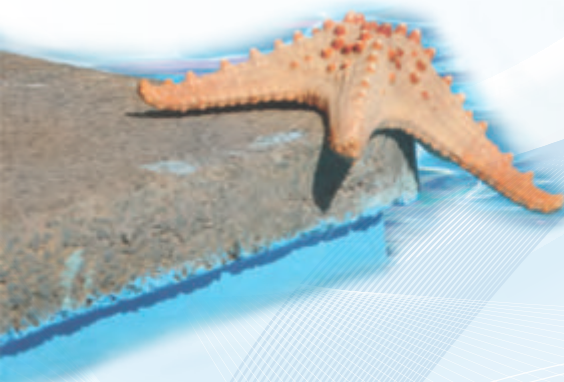

Again, to all of our customers, we say thank you for your continued support and all the best for 2012.

Regards,
Julia Tiler
President

The Sunbubble™

The Sunbubble™

Fits any pool, in ground or above-ground, from small to Olympic size. Within minutes it can be trimmed to fit any shaped pool.

Attractive marine blue tint enhances the natural beauty of your pool.

The Sunbubble™ design, together with its unique chemical formula, will give you a durable, efficient, long lasting pool cover.

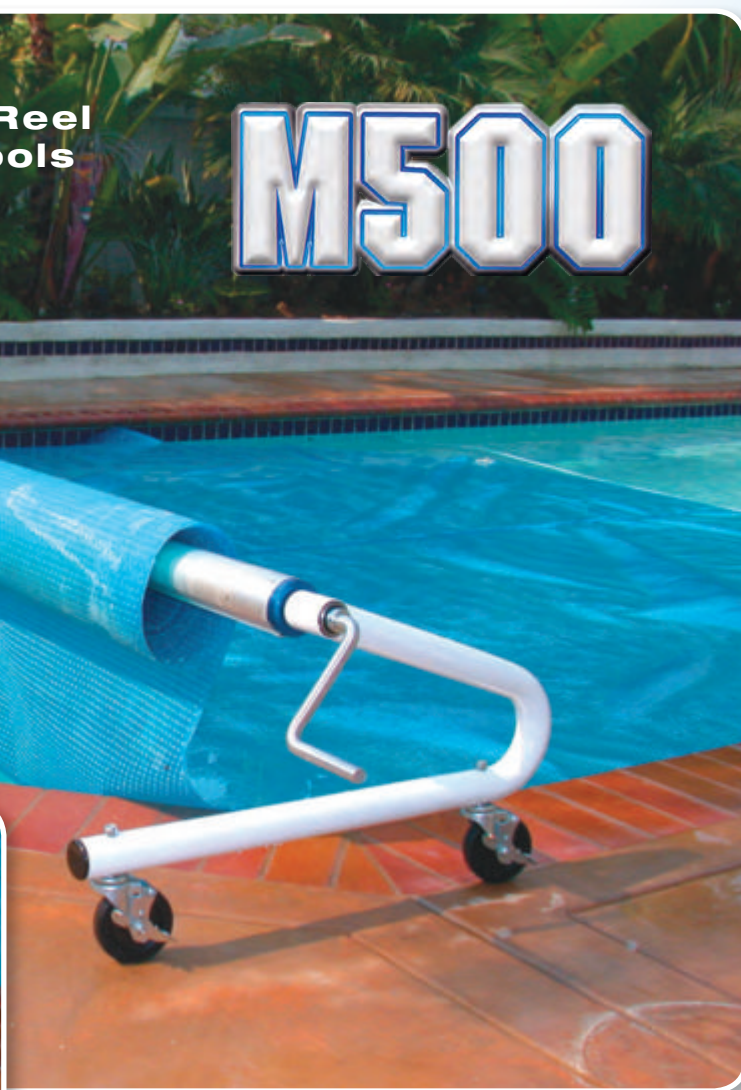

Maintaining your pool can cost a small fortune as costly chemicals and water are continually being lost through evaporation. The Sunbubble™ reduces this evaporation. Your chemical costs are consequently reduced, and your water loss is virtually eliminated. The Sunbubble™ dramatically increases the efficiency of your pool heater, reducing heating costs.

The sun's heat is transmitted through the translucent Sunbubble™ and is absorbed in the water below. Floating on the surface, thousands of unique solar air cells retain the absorbed heat to raise the pool temperature by up to 10-15° F. This lets you swim comfortably more hours in the day, more days in the year.

- Two heavy duty sealed bearings in each mainframe.
- Heavy duty 3” locking casters.
- Holds up to 50’ of blanket.

See pricing on page - 2 - of 2012 Spring Price List

Solar Blanket Protection Cover

Made from silver/ black or blue/black woven polyethylene with Velcro fasteners.

See pricing on page - 2 - of 2012 Spring Price List

Thermo-Wall™

Thermo-Wall™ provides a vapor barrier between the liner and the pool wall to help preserve the water temperature and to protect the pool wall from premature deterioration caused by condensation, which causes the wall to corrode. Temperature differences between the warm water and the cool temperatures behind the pool wall allows moisture to collect between the wall and liner. The vapor barrier prevents this from occurring.

Thermo-Wall™ is the only true pool wall insulation in the marketplace today. Thermo-Wall™ will also make it nice when you kick-off or press on the pool wall, because it feels soft. Thermo-Wall™ creates a more uniform appearance on the inside of the pool liner helping to camouflage pool wall seams and imperfections.

Thermo-Wall™ pool insulation is excellent for residential, commercial and even HVAC applications where optimal protection from radiant heat loss is needed.

- 3/16" thickness
- Metallized foil/bubble/clear poly
- Ultra resistant and light weight
- 69 PSI puncture rate
- Roll Size 48" x 125'
- Reflects solar energy in water
- Adds R-value
- Excellent vapor barrier
- Reduces heat loss up to 80%
- Quick and easy to install

See pricing on page - 4 - of 2012 Spring Price List

PoolCove

Flexible light-weight above-ground pool cove. Made from E.P.S.(Expanded Poly Styrene). Triangular shaped 53.5" in length, packed 30 pieces per bag. 8 lbs. Per bag.

Rhino Pad™

Protects liner, adds cushioning

- Replaces sand and foam
- Fast install, cut to pool size and shape
- Helps prevent leaks in pool floor
- Cushions and protects against footprints
- Guards liner from rocks and weeds
- Made with hidden-seam technology

Rhino's power is in the hidden-seam

Because Rhino Pad is thermally sealed with hidden-seam technology and NOT SEWN, you'll have easy installation with the ultimate protection from rocks, nutgrass and other weeds.

Rhino Pad is footprint resistant. Only Rhino Pad is thermally sealed with our trademarked hidden-seam technology, not sewn, helping to eliminate wrinkles. Maximum protection against rocks and weeds. Available with or without anti-microbial treatment to prohibit mold.

Rhino Pad is a UPS-able product and can be combined with a solar order to form a complete truckload.

NEW!!

Introducing Spa Covers & Pillows Featuring NHL Logos

HST Synthetics has been officially licensed by the NHL to provide NHL team logos for all 30 of the NHL franchises.

Your customers, who are fans of the NHL, can now show their loyalty to their favourite team and enhance the atmosphere of their backyard spa party.

As the officially licensed supplier, HST products will give you a big advantage over competitors and can bring additional dollars in the door for you.

Each logoed spa cover and spa pillow is produced beautifully in the official team colours and sports the official team crest. What a great item for the sports fans.

In addition, we produce weighted headrests also manufactured in coordinating team colours to complete the setting.

COVERCAP

The Cover Cap is made from tough, durable woven polyethylene and is designed to protect your spa or spa cover during the harsh winter months. When the spa is closed for the winter, the Cover Cap with a 38" skirt fits over the rigid cover and is long enough to cover the sides of the spa skirt. The Cover Cap is complete with nylon loops sewn into the hem and rope to secure it for the winter. When the spa is running all winter then the Cover Cap with a 12" skirt and elastic sewn into the hem, fits easily over the rigid spa cover to protect it from the winter elements.

Standard sizes are:

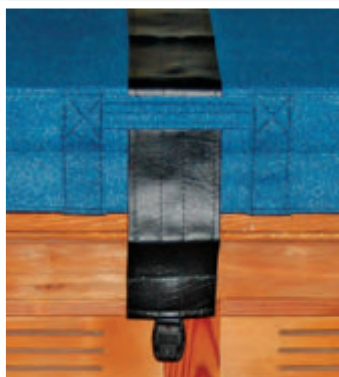

- 7' x 7' x 38" • 7' x 7' x 12"
- 8' x 8' x 38" • 8' x 8' x 12"

Spa Pillow

Relax in Comfort

Cradle your head in comfort with HST's weighted spa pillows. Made from the same marine grade vinyl as our spa covers with a soft foam insert.

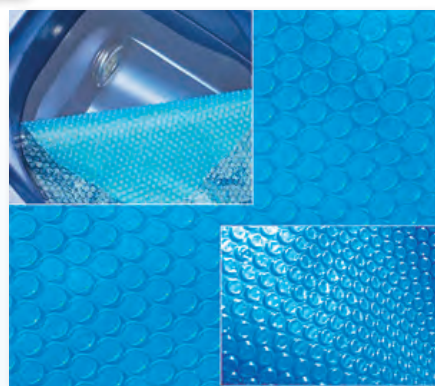

HURRICANE STRAP

An added security for your spa cover. Made from the same marine grade vinyl as our spa covers, the Hurricane Strap is an extra locking strap, which fits across your spa and comes complete with a locking assembly on each end.

THERMAL-FOAM

Designed to float on the water's surface, the THERMAL-FOAM floating spa blanket is lightweight and durable. It protects and extends the life of your spa insulating cover while significantly reducing heat loss and chemical evaporation/consumption. White in color and made of 1/4" thick closed-cell polyethylene foam, these blankets are easily cut to size, and much more resistant to "bunching up" than the bubble blankets.

Floating SPA Blanket

The 8'x8' Floating SPA Blanket floats on the water underneath regular spa cover to cap heat in.

- Save heating costs by reducing the demand placed on the heating system and save chemical costs by reducing evaporation.
- Easily cut to fit the exact shape of the spa.

See pricing on page - 6 - of 2012 Spring Price List

Now you're Covered!

Now you can carry the right cover lifter for all your customers' needs.

Introducing Ultralift - the new spa cover lifter that fits virtually every size, shape and brand of spa.

Unique Sliding-Bracket Mounting System

Ultralift's patented sliding brackets mount to the deck or directly to the side of the spa and adjust to fit into the tightest of spaces.

Fits Virtually Every Spa

Ultralift adjusts easily to fit round, square and even angled-corner spas.

Safe and Simple Design

Ultralift's elegantly simple design includes a built-in locking pin to hold the open cover safely in place.

Height-Adjustable for Privacy

Ultralift lets customers adjust the open cover height to their liking - high for greater privacy or low for an unobstructed view.

Easy Installation

Ultralift can be installed in less than an hour with a just a drill, screwdriver and a few other basic tools.

Sturdy and Durable

Ultralift features sturdy 1 1/4" diameter aluminum tubing and corrosion-resistant powder-coating for years of reliable, worry-free service.

Change the look of the Spa Experience

Turn Your Spa Cover Into A Unique Tropical Surround!

Spa Scenes is a new waterproof vinyl mural that mounts to any New or Existing hot tub cover and transforms the underside into a unique tropical experience. Add a Spa Scenes to your spa and enjoy your backyard oasis like never before!

- Affordable
- Extremely Durable
- Easy to install, no special tools
- Interchangeable
- Fits any size or shape up to 95" wide

The Ultimate Hot Tub Accessory!

Customize your hot tub cover with Spa Scenes hot tub cover murals and create the ultimate hot tub environment.

Relaxing

Romantic

Serene

Peaceful

Tranquil

Fun

- Trim to fit design.
- Velcro mounting sets included.
- Guaranteed Colorfast for 2 years

Available in Panoramic view – 29" height or Full-view 30" – 48" height

Perfect for New or Existing Hot Tub Covers:

Say "Good-Bye" to your plain spa cover and create the unique "backyard Vacation Escape" you've always pictured. Whether refreshing an existing hot tub or customizing a new purchase, you can now affordably create a perfect vacation get-a-way in your own backyard. Easy to install on any hot tub cover, you'll never have to look at a plain spa cover again, you will enjoy your hot tub experience like never before possible.

Turn Your Cover Into A Unique Privacy Screen:

Most people like the privacy that the open spa cover provides, but hate the fact that it looks so bad when it's open. Ugly and stained, it really detracts from the hot tub experience. Now you can convert your hot tub cover into a unique privacy screen for the ultimate hot tub environment in any deck or backyard.

Help your customer create the Perfect Spa Experience without the expense of landscaping!

Select the Spa Scenes Mural That's Right for Your Spa:

Spa Scenes murals are available in two product formats, Panoramic or Full-View depending on the cover lift system you have. The determining factor is simply how high your cover rests above the spa when it's open.
